

God has blessed our church with additional funding

GoldDonation.com

Precious Metal Recovery Program

This Program has answered a prayer in our church for additional funds for our new building Program with virtually no work from a new stream of income that has never been talked about.

I can not endorse this program more to my fellow pastors

Everyone has some type of jewelry item that has been lying around for years: a class ring from decades ago, a damaged earring, or a broken chain that cannot be fixed. What is the point of holding onto these items that cannot be repaired or have become outdated? The answer is simple: gold and other precious metals have value. No one wants to just throw away their valuables that they paid so much for at one point in time! ThisIsJewelry.com has come up with a solution to turn your old pieces of jewelry into money.

The solution is simple. Donate the items that you no longer need to your favorite charity, church, or non-profit and you will receive a letter of donation for the fair market value of your items for a tax deduction. At the same time, your organization will receive a donation based upon the value of your jewelry.

Churches and/or Christian Charities How to launch your Gold Donation Program

We have compiled a brief outline for you that will give you the foundation or "How to" get started presenting this exciting program to your congregation, donors, family, friends, and relatives.

The beauty of our program is that it isn't a plea for money, but rather a donation of gold, silver, platinum, and fine jewelry that is just sitting in drawers and jewelry boxes waiting to be used for the harvest. This program is one in which almost everyone can participate, receive a blessing, and a tax deduction too!

Decide on your goal or goals for this program!

2. Benevolent Fund
3. Youth Ministries

Print Out

"Print ready inserts": These are downloadable from the print material section for your bulletins each week.

How do we get started?

1. Announce this program from the pulpit each week for 1 month
 - A. Explain how the program works. What jewelry to look for. What form to fill out, how to give it by bringing your donation in for a special offering to be taken each week or on a specific date.
 - B. Bring in the bounty – take a special offering, have ushers release parishioners row by row and have your members bring their donations to the front of the church and put it in an offering plate or basket. Pray over it, and ask God's blessing to multiply it in his work and multiply His blessings on those who gave.
 - C. Explain to the congregation that church volunteers or staff will gladly do the internet input for their donations if necessary.

2. Put the information insert in the bulletin weekly which explains the GoldDonation.com program and contains the donation form that must be filled out.
3. Put the information in the church newsletter if you have one.
4. Have a poster sized display with an explanation and info handout for the GoldDonation.com program on a table by each exit or in the church lobby.
5. Ask everyone to go to their friends, neighbor's, and relatives for this great cause and assure everyone they meet that they will get a tax deduction for the appraised fair market value of their donation. The appraisal will be done by ThisIsJewelry.com, Inc.
6. Get the youth group excited about this program have them call everyone in the church and "ask for action." They should be able to provide details if necessary to church members.
7. Share this with other pastors and receive a spiritual blessing from their harvest too!
8. Send out e-mails to announce the program and give updates as they occur.

When should we initiate this program?

Now. Since it doesn't tap anyone's income, there is no season that is better than another so why wait?

What can be stressed?

All donations are tax deductible this year if they are in before December 31.

How can we be even more successful?

1. Get the children or youth group in the church to get behind this and ask ask - ask - ask everyone they meet or know. Who can refuse a child that wants to sow into God's work?
2. Have testimonies, either verbal or written, about the amount of tax deduction they got for their ring, necklace etc. Include how each person felt about being able to give and the joy and blessings this brought into their lives.
3. Ask known donors to start out the special offering each week by bringing their offering down the aisle. Others now know how to follow if they have their offering and if not they will be ready the next week.

How can our church get our money sooner?

On Monday or Tuesday after the info is put into the computer on the GoldDonation.com site, deliver the offering to us for appraisal. We at ThisIsJewelry.com will appraise the donated items and expedite your claim for you.

How do we know everyone's donation was counted?

We'll give you a password and you can go to login to your account and view each appraisal and its melt value and even view when a check was sent to your church for each person's donation. This is a check and balance built into the system for your protection.
